Total Credits: _____

Plan of Completion: Please include a specific, detailed, and realistic plan for completing the outstanding work. The plan must demonstrate that all work will be finished during the summer following the commencement ceremony in question. The remaining work cannot exceed more than 8 academic credits.

- Students who have studied away and are waiting for official transcripts from the external institution may participate in the commencement ceremony if verification of sufficient academic progress at the external institution is provided to the Registrar's Office.
- Partner degree students who are waiting for official transcripts from their home institution may participate in the May commencement ceremony.
- Students in 3+ programs may participate in the commencement ceremony following their fourth or fifth year if verification of sufficient academic progress at the external institution is provided to the Registrar's Office.

Students granted this privilege will walk across the stage and have their names read with the rest of the graduating class. Their names will be noted in the Commencement program and the degree will be awarded when all outstanding requirements are verified by the Registrar's Office as completed.
