

- Disinfecting shared equipment
All volleyballs, pads, poles and all pieces of equipment including the gym floor will be disinfected at the end of each session.
- How are we handling water?
Every camper must be responsible for bringing their own water bottle. Coolers of water will be provided for campers to fill their bottles.
- How are we handling use of bathrooms?
Campers may use bathrooms when needed but there will be a maximum capacity depending on size of bathrooms. Water and bathroom breaks will be given and coaches will monitor how many campers enter and use the bathroom at one time. Small groups will be going to bathroom to wash hands and use facilities before meals.
- Eating?
All meals will be outside if possible (weather permitting). If we must remain indoors. Campers and staff will be socially distanced according to the amount of chairs per table. Coaches will also monitor the amount of people per food station and encourage social distancing when waiting in line.
- Symptom checks at the start of each day.
Temperature checks will be administered to all campers and staff when entering the building before play. If they do not meet the required temperature, they will not be able to participate in the camp on that day.
- Protocols for if someone gets ill
If a camper is ill during the camp, they must call their parents to pick them up and leave the camp immediately.
