

# **Come Live With Us!!!**

## **What to expect from Residential Life at Juniata College**

# Residence Life Staff

- Resident Directors (RD) are professional staff members who manage our Residence Halls and supervise Resident Assistants. RDs can answer most questions. And, when they don't know the answers, they know where to find them.
- Resident Assistants (RAs) are students. They can be found on almost every floor or tower (East). The RA acts as a resource to answer questions, deal with concerns, and plan floor/hall activities.
