

Consider completing a secondary emphasis

A secondary emphasis can complement your POE by helping you build broader content knowledge and soft skills that help you stand out when you look for a job.

Below you will find a list of secondary emphases that are frequently paired with or particularly good complements for particular POEs. However, *any* secondary emphasis can be completed by a student in any POE!

Consider exploring an interest and stretching yourself by trying out a course in one of these areas!

Notes:

- *World Languages includes Chinese, French, or Spanish*
- *Business includes Accounting, Economics, Entrepreneurship, Finance, Human Resource Management, International Business, Management, & Marketing*
